

Do you want to save Money on Labour & Improve your Profits?

Using the *Coaster Blue* Pager System, your customers no longer have to wait next to the counter or at a table waiting for the runner to deliver their meal. The *Coaster Blue* Pagers notify customers with a beep, flash or vibration the instant their meal is ready. With *Coaster Blue* Pagers you'll easily manage your guest flow and create a quieter, more inviting ambience.

Coaster Blue Pagers help you to be more profitable by eliminating the high cost of labour involved in having staff run meals to waiting customers. Many operations pay for their system in months by saving \$\$\$\$ in labour. Customers also prefer the system, so it's a win-win for both business and patron. Lightweight commercial strength Pagers allow your customers to visit the Bar or nearby areas for a more relaxing experience while they wait for their meal. With *Coaster Blue* Pagers your staff will deliver a faster, smoother, more customer friendly service, delivered by Australia's Leader of "On Site" Paging systems.

"We used a competitor to BluFi and found that their coasters were very unreliable and their service poor, so we changed to BluFi Pagers and we have been very happy with them for the last 18 months, keep up the good work guys."
F&B Manager, St Johns Park Bowling Club

**Rental includes ALL SERVICE AND SUPPORT (excluding dropped and abused pagers) for the term of Rental/Lifetime Warranty
 After 24 months rental, the system is returned and an exchange system is offered at the same rate
